JDC and "Sicher gut betreut Versicherungsvermittlung GmbH" (SGB) sign an exclusive cooperation agreement for the insurance business of the savings banks in the business region of SparkassenVersicherung (SV)

- **The aim is to manage all insurance matters of the customers of the Sparkasse Group via the Sparkasse Insurance Manager (S-VM) or the JDC platform.**
- **Savings banks will in the future be able to offer their customers support on insurance policies from other insurance companies in addition to servicing and brokering SV insurance policies.**

JDC and SGB (a joint venture between SV and MRH Trowe) have signed a long-term and exclusive cooperation agreement in the field of insurance brokerage for private customers of the savings banks.

Until now, the savings banks in SV's business region have generally only brokered SV insurance policies for their customers. In order to support customers also on third-party insurance contracts, these contracts of savings bank customers are to be bundled on the JDC platform via an interface to the S-Versicherungsmanager (S-VM) already established at the savings banks and serviced by SGB.

For this purpose, SGB will exclusively use the services and tools of the JDC platform in the future. After a successful pilot project, the approximately 100 savings banks in SV's business region will gradually be connected to SGB's services.

"In addition to VKB and Provinzial, SV with its joint venture SGB is now also relying on a cooperation with JDC. This makes JDC the third-party insurance partner for the three largest public insurers, which together account for almost 20 billion in premium income," Ralph Konrad, CFO of JDC Group AG, is pleased to announce. "Of the approximately 350 savings banks in Germany, almost 300 savings banks will be able to access the S-VM and use JDC's services in the future. This is enormous potential for JDC.
